### The Low-Down on Load-In and Load-Out

We know that lugging your items from one event to the other isn't easy. We are glad that we can give you nearby access to your booth space. Please review the layout and vendor key. Remember that both venues are above parking garages and vehicle weight must be taken into consideration. Therefore, the market is enforcing a 15-minute unloading rule. Past vendors, be advised that the layout is not exactly like 2016. Below, are some guidelines to make sure that everyone gets a fair shake. And please note that due to construction projections, Main Street is presently the only route to the venues.
